It is our policy that any project estimated over \$250.00 requires a down payment. PHAC and Electricity require an 85% down payment, all other departments require 50%. Until the down payment is received we will not be able to begin working on the project. If at any point during the project the work necessary becomes significantly greater than our estimate the customer will be asked for permission to proceed.	
By signing you are agreeing to pay the balance in full upon completion. Items are not allowed to leave the premises until payment is received. If payment is not made prior to the item being removed, you will have 10 days before a late fee will be added to your account. A 1% per month (12% per year) late fee will be assessed until your account is paid in full. If your account is not paid by June 30th (the end of our fiscal year) it will be turned over to collections. Special arrangements may be allowed if a written agreement between the customer and Dean of Administration is established before June 30th. Any vehicles left on the lot 30 days after completion will be towed.
